

Avagard™

Hand Hygiene Solutions

Reducing the risk of infection is in your hands.

Clean hands. Protected patients.

Hands are the most common source of pathogen transmission. That's why 3M developed hand hygiene solutions to reduce the risk of healthcare associated infections. 3M's portfolio of hand hygiene antiseptics provides solutions to help you protect your patients.

3M™ Avagard™ Foaming

(Ethyl Alcohol 70% v/v)

Instant Hand Antiseptic

3M™ Avagard™ Foaming Instant Hand Antiseptic is on your side to reduce the risk of infection caused by transmission of bacteria from the hands.

- Broad-spectrum activity kills greater than 99.999% of harmful bacteria in 15 seconds (*in vitro*)¹
- Latex glove and CHG compatible¹
- Dye and fragrance-free
- Versatile Point-of-Care solution to improve compliance

3M™ Avagard™ D

(Ethyl Alcohol 61% w/w)

Instant Hand Antiseptic with Moisturizers

Waterless hand antiseptic that feels like a moisturizer.

3M™ Avagard™ D Instant Hand Antiseptic provides fast, effective bacterial kill without being hard on skin.

- Proven efficacy — meets CDC and WHO Guidelines
- Broad-spectrum activity kills greater than 99.999% of harmful bacteria in 15 seconds (*in vitro*)¹
- Emollient enriched-formulation
- Latex glove and CHG compatible¹
- Dye and fragrance-free
- Versatile Point-of-Care solution to improve compliance

Stopping bacteria wherever you are.

Choosing an effective, persistent hand antiseptic can help create a safer practice. So, no matter where you are in your practice, remember the basics of practicing hand hygiene to remove germs from your hands.
